DECISION ON DAMAGES¹

On June 25, 2021, Margaret Cooper-Hendon filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that as a result of receiving the influenza (“flu”) vaccination on October 29, 2019, she suffered from Guillain-Barré syndrome (“GBS”). Petition at Preamble. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On March 25, 2022, a ruling on entitlement was issued, finding that Petitioner was entitled to compensation for a GBS Table injury. On September 12, 2022, Respondent filed a proffer on award of compensation, which indicates Petitioner's agreement to the amount(s) therein. Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the attached Proffer, **I award Petitioner a lump sum payment of \$127,476.61 (representing \$125,000.00 for pain and suffering and \$2,476.61 for unreimbursed expenses) in the form of a check payable to Petitioner.** This amount represents compensation for all damages that would be available under Section 15(a).

The Clerk of Court is directed to enter judgment in accordance with this decision.³

IT IS SO ORDERED.
